High Lecithin Triglycerides

NATUFAT™

Excellent Carcass Quality
Less Drip Loss
Longer Storage Stability

NATUFAT™ PLUS, PREMIUM are made of pure trans-fat free triglyceride derived from refined fats for excellent carcass quality, reduced drip loss and reduced oxidation of high linoleic diets thus lengthening meat shelf life.

NATUFAT™ PLUS is made from Refined Fats + Lecithin 6% adding up to total of 99.5% min
NATUFAT™ PREMIUM is made from Refined Fats + Lecithin 16% adding up to total of 99.5% min

MINIMISE DRIP LOSS

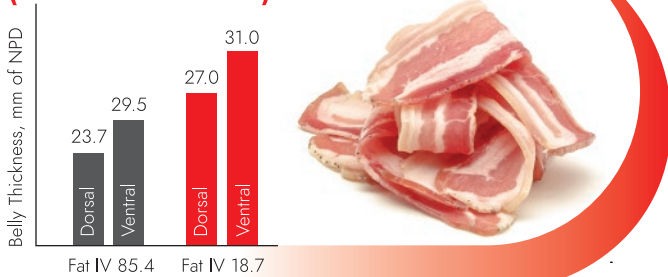

LONGER STORAGE STABILITY

Effects of feeding in free-range conditions or in confinement with different dietary MUFA/PUFA ratios and tocopherylacetate, on antioxidants accumulation and oxidative stability in Iberian pigs
 A. Daza, A.I. Rey, J. Ruiz, C.J. Lopez-Bote 20 June 2004

INCREASE BELLY THICKNESS (MORE BACON)

Hydrogenated dietary fat improves pork quality of pigs from two lean genotypes L. Averette Gatlin*, M. T. See*, J. A. Hansen†, and J. Odle*3
 *North Carolina State University, Raleigh 27695-7621 and Murphy Farms, Inc., Rose Hill, 2003

LECITHIN BENEFITS

Essential Nutrient like Vitamins

Source of Energy

Promotes Enzymes

Emulsifier to help digest oil/fats

NUTRITION	PLUS	PREMIUM
FATTY ACID PROFILE		
C16 SFA	70	65
C18 SFA	5	5
MUFA	15	15
PUFA	5	10
ENERGY VALUES KCAL/KG		
GE	9000	8850
NE	8250	8400

DOSE	AGE	FEED RATION	PACKING	HANDLING
Nursery Pig	35-70 days	1-2%	25kg bags	Powder
Growing Pig	>70 days	2%	Palletised bags	
Sow	Late Gestation	1-2%	650kg bulk bags	
Sow	Lactation	2%
